B. Dedicator reserves to itself an easement and right to construct and maintain in, over and across the easements and private ways shown on said plat, utilities of every kind, including but not limited to sewers, water mains, gas mains, irrigation systems, power and communication lines and all pipes, lines and other appurtenances in connection therewith. III. RESTRICTIONS, COVENANTS AND RESERVATIONS

A. USE OF LAND

1. Residential use only. No lot shall be used for other than residential purposes and no building shall be erected, altered, or permitted to remain on any lot other than one detached single family dwelling with a private garage, appropriate outbuildings approved under paragraph B 1 below, boat houses and servants' houses for use of bona fide servants. No soil or trees shall be removed for any commercial use. No trees with a diameter exceeding 2" shall be cut from any lot without the prior written consent of Dedicator.

2. Temporary Structures. No structure of a temporary character, trailer, mobile or movable home, tent, shack, garage or other outbuilding shall be placed on or used on any lot at any time as a residence, either temporarily or permanently.

Storage. No lot shall be used for temporary or permanent storage of equipment, material or vehicles except such as may be used in direct connection with the use or enjoyment of any lot as residential property. No tank for the storage of any fluid or gas may be constructed or maintained on any lot above the surface thereof.

4. Animals. No animals, livestock, or poultry of any kind shall be raised, bred, boarded or kept on any lot, excepting (a) dogs, cats or other household pets not kept for commercial purposes, and (b) horses kept on lots as agreed upon subsequent hereto by Dedicator.

5. Firearms. Use of firearms on any part of the property is prohibited except in areas that may be designated for such purpose by the Dedicator.

6. Nuisances. No noxious, offensive, dangerous or noisy activity shall be conducted on any lot, nor shall anything be done thereon which may be or become a nuisance to the neighborhood in which said lot is located. Lots shall be kept clean and free of trash, garbage and debris, and fires shall be contained in a safe enclosure. No grass or weeds shall be allowed to grow to a height which is unsightly in the opinion of Dedicator or the Association. Dedicator or the Association shall have the right, after seven days' written notice to the owner of a lot, to remove from such lot accumulated trash, garbage or debris and to cut and remove unsightly grass and weeds and to charge the lot owner for all reasonable costs thereby incurred.

7. Towers and Wires. No radio or television tower or aerial wires shall be maintained (a) over any part of any lot not occupied by a structure or (b) at a height of more than thirty feet from the ground.

8. Drilling and excavation. No oil drilling, development, refining, quarrying or mining operation shall be permitted upon or in any lot. No sand, gravel or earth shall at any time be excavated or dug out of any lot, except for the purpose of laying the foundation of a residence thereon, erecting such

residence, improving the gardens or grounds thereof, or as permitted in paragraph B 13 of this Article with reference to docks and boathouses. No lot abutting on the Brazos River shall be increased in size by filling in the water it abuts.

9. Water Wells. No water wells shall be drilled upon any lot so long as water for domestic use shall otherwise be available to the owners of said lots, but nothing herein shall be construed to prohibit Dedicator or its assignees or nominees from drilling and equipping a well or wells on any property located in or near the subdivision for the purpose of supplying water to the owners of any lots.

10. Advertising Signs. All advertising signs are prohibited without written consent of the Dedicator.

B. CONSTRUCTION OF IMPROVEMENTS

1. Approval of plans. No building, fence or structure of any kind shall be erected or altered on any lot until Dedicator (or the Architectural Committee) has approved in writing: (a) a plan for overall development of the lot, including location of proposed structures, size and location of parking and storage facilities, fencing, screening and landscaping; and (b) the plans and specifications for the proposed structure or alteration, taking into consideration suitability of materials and design, specifications, conformity with plan for overall development of said lot and aesthetic compatibility with surrounding property. In the event of disapproval of any such plans, specifications, materials, designs or plot-plans, notice of such disapproval shall be delivered in person or by registered or certified mail addressed to the party submitting the same at an address which must be supplied with the submission. Any such notice may set forth the elements disapproved and the reason therefor, but need not contain suggestions as to methods to cure any matters disapproved. The judgment of Dedicator or its assigns in these matters and the exercise of its discretion shall be final and conclusive. If

notice of disapproval of such plans, specifications, materials or plot-plans is not given within 30 days after same have been submitted, it will be presumed that same have been approved.

2. Floor area. There shall not be erected or permitted to remain on any lot a residence having a floor area (when measured to exterior walls, and exclusive of attached garage, open porches, patios or other similar appendages) of less than the minimum number of square feet as set out for the respective lots as follows.

<u>Lots</u>	<u>Minimum Square Feet</u>
Lots 2091 thru 2134, inclusive	1600
Lots 2135 thru 2180, inclusive	1200

3. Exterior walls. At least 50% of the exterior wall surface of any residence shall be constructed of stone, masonry veneer, stucco or glass building materials commonly used, unless written exception to such requirement is given by Dedicator or its architectural committee.

4. Building lines. No building, fence or structure of any kind shall be located on any lot within 25 feet of the front line except lots facing a cul-de-sac, where the set back line is reduced to 15 feet and except upon prior approval of the Dedicator. For the purpose of this restriction, eaves, steps and open porches shall be considered as part of a building. Lots shall "front" on the adjoining private way; corner lots shall be deemed to "front" on the private way adjoining the shortest lot line. No part of any structure shall be erected or maintained closer than seven feet to any side lot line. No part of any structure shall be erected or maintained on any portion of any river front lot without the prior approval of Dedicator as to the location of said structure.

5. Garages. Every garage shall be an enclosed structure attached to the residence or to a breezeway or covered porch attached to the residence. Every garage shall have the capacity to contain at least two automobiles. No

garage shall face any street or private way except upon prior written approval of the Dedicator.

6. Outbuildings. Outbuildings shall be of design and construction compatible with that of the residence. No outbuilding shall exceed the residence in height, except upon prior approval of the Dedicator. Cooling towers and all other mechanical units must be located at the side or rear of the residence and must be screened to the satisfaction of the Dedicator.

7. Structures on easements. No structure, planting or other material shall be placed or permitted to remain within the easements referred to in Article II C which may damage or interfere with the installation and maintenance of utilities, or which may change the direction or flow of drainage channels in the easements. The easement area of each lot and all improvements in it shall be maintained continuously by the owner of the lot, except for those improvements for which Dedicator, a public authority or utility company is responsible.

8. Sidewalks. No sidewalks shall be permitted in the parkway parallel with private ways, but this provision does not exclude sidewalks or driveways from private ways or streets to the buildings.

9. Mail boxes. The location, size and design of all mail boxes shall be subject to the prior approval of Dedicator.

10. Time of Construction. All exterior improvements shall be completed within six months from the beginning of construction, unless prevented by war, strikes or act of God. Any outbuilding shall be constructed at the same time or subsequent to the construction of the residence it is intended to serve.

11. Sewage Facilities. All lavatories, toilets and bath facilities shall be installed indoors and, where sewer service is not made available by Dedicator, shall be connected with adequate grease traps, septic tanks and lateral lines constructed to comply with the specifications of any governmental authorities having jurisdiction, and no outside or surface toilets shall be permitted, under any circumstances. Owners of lots to which Dedicator makes sewer service

available shall be required to connect to, use and pay for same. All lavatories, toilets and bath facilities shall be completely installed and functioning before the residence is occupied.

12. Irrigation. An irrigation system for the irrigation of pecan trees has been installed on some lots and is a part of a larger irrigation system for the surrounding pecan orchard. In connection with such irrigation system, Dedicator reserves the right to make any one of the following elections:

(a) to remove the irrigation system from the lot and cap the system at the boundary line and leave the pipe in the lot;

(b) to cap the irrigation system at the boundary line at any time after the sale to the purchaser at Dedicator's sole discretion; or

(c) to leave the irrigation system in operable condition and allow the purchaser to use the irrigation system on his lot with the understanding that all maintenance of that portion of the system on his lot will be at the expense of the purchaser. It is also understood that Dedicator would have the sole right to determine if and when the irrigation system shall be used for watering without giving any advance notice to the owner.

13. Docks and boathouses. Owners of lots abutting on the Brazos River shall not construct or permit the construction of any improvement, including but not limited to docks and boathouses, which extends beyond the rear lot line into the river channel. Owners of such lots may, however, with the prior approval of the Dedicator (a) construct within the lot lines of each such lot a dock or boathousing facility in the form of a cut-out or dug-out with seawall, and (b) deepen the river channel adjacent to such lot by dredging. All work performed under the authority of the preceding sentence shall comply with any rules or regulations of any governmental authority.

14. Pollution. No lot abutting on the Brazos River shall be used for any purpose that would result in pollution of the river by refuse, sewage or other material that might tend to pollute the river or otherwise impair the ecological

balance of surrounding lands.

C. GENERAL

1. Subdivision of lots. No lot shall be subdivided without prior approval of the Dedicator; provided, however, that Dedicator expressly reserves the right to subdivide any lot to which it shall hold title.
2. Pumping from river. The pumping of water from the Brazos River is prohibited except by special permit, in writing, granted by the appropriate governmental authority.
3. Recreational facilities. Dedicator covenants that it will construct and complete the following recreational facilities: 18 hole golf course, clubhouse, swimming pool, marina with boat launching ramp on Lake Granbury, tennis courts, skeet range, equestrian center, landing strip and beach recreational areas on the Brazos River.
4. Disposition of lot. No sale, transfer, lease or other disposition of any lot shall be consummated unless and until the purchaser or transferee has applied for and has been accepted as a member of the Association. In the event of a disposition or attempted disposition in violation of the preceding sentence, Dedicator shall have the absolute right and option to acquire said lot (or the interest disposed of or proposed to be disposed of) at the same price and on the same terms as were offered to the purchaser or transferee. This restriction shall not apply, however, to lenders who may bid said property in at any foreclosure sale brought by them without regard to such membership restriction, or to a transfer of such property pursuant to a duly probated will or by virtue of intestacy; but as to any such excepted disposition Dedicator shall have an absolute right and option to purchase said lot from such transferee or transferees in the event they shall decide to sell, transfer or otherwise dispose of the same, at the same price and on the same terms of any good faith offer to purchase acceptable to such transferee.

5. Membership in Association. Upon the approval of a purchaser's application for membership in the Association and the execution of a sales contract or the acceptance of a deed, each purchaser of a lot (whether from Dedicator or a subsequent owner) shall become a member of the Association, a non-profit organization organized for the purpose of providing its members with a clubhouse and private recreational facilities and of establishing and maintaining private ways, security protection and other services for the common benefit of all lot owners. Said membership shall be conditioned upon observance of the rules and regulations established by the Association for the benefit and general welfare of its members and for the official operation thereof. Said membership shall also be conditioned upon payment, when due, of such dues, fees, and charges as the Association shall find necessary for the maintenance of the aforesaid facilities and services and any other services and benefits which the Association may provide for the benefit of the lots, facilities and members.

6. Lien for amounts owed to Association. By the acceptance and retention of title to any lot each owner, his heirs and assigns, who is or becomes a member of the Association covenants and agrees that the Association shall have a lien upon the subject lot or lots (second only to liens for taxes and any duly recorded mortgage) to secure the payment of the aforementioned dues, fees and charges, including court costs and reasonable attorney's fees incurred in connection with the collection of the same. This covenant and agreement shall be in addition to and shall not be affected by any contract, security agreement, or application which such owners, their heirs or assigns, may enter into with the Association.

7. Non-members of Association. If notwithstanding the requirement of membership in the Association as a condition to the purchase of a lot, title to any lot shall be acquired by a party who has not been approved for membership in the Association, or if any owner shall be approved for membership but later

ceases to be a member of the Association, then nevertheless, said owner, by acceptance and retention of title to a lot, covenants and agrees that he will bear and pay such portion of the specific expenses required and expended by the Association, its successors and assigns, solely for the maintenance of the facilities and services for which he would be required to pay if he were then in fact a member of such Association and as determined by the accountant for such Association. Further, each owner, on behalf of himself, his heirs and assigns, does hereby covenant and agree that the Association shall have a lien upon the subject lot or lots (second only to liens for taxes and any duly recorded mortgage) to secure the payment of the aforementioned expenses, including court costs and reasonable attorney's fees incurred in connection with the collection of the same. Unimproved lots owned by the Dedicator or by a corporation or other entity with substantially the same ownership and control as Dedicator shall not be subject to such assessment.

8. Assessments. Each purchaser of a lot from Dedicator, and the successors and assigns of said purchaser, shall be assessed the sum of \$15.00 per month payable to the Association for the maintenance and operations of the Association's services and facilities, and Dedicator shall pay all other sums incurred by the Association for the construction, development and operation of its facilities and services. Such assessments shall continue until such time as Dedicator, if it elects to do so in its discretion, has transferred the voting rights in the stock to the membership at large of the Association; thereafter, such assessment shall be determined by the Association in accordance with its By-Laws. Neither Dedicator nor any corporation or other entity with substantially the same ownership and control as Dedicator shall ever be assessed by the Association for any unimproved lots owned by it or transferred to a corporation or other entity with substantially the same ownership and control.

9. Golf Course Lots. The owners of lots abutting on the golf course shall permit the doing of every act necessary and proper to the playing of golf on the golf course, including but not limited to the recovery of golf balls from such lots, the use of necessary and usual equipment upon such golf course, the usual and common noise level created by the playing of the game of golf, together with all the other common and usual activity associated with the game of golf and with all the normal and usual activities associated with the operation of a country club maintaining a golf course.

10. Pecan operations. At the time of this dedication an entity related to Dedicator with substantially the same ownership as Dedicator operates property adjoining some of the lots which it intends to use for the purposes of planting, growing and cultivating pecan trees and gathering pecans therefrom for commercial sale (hereinafter called "pecan operations"). Dedicator reserves to itself, all entities with substantially the same ownership as Dedicator, and all owners or lessees or operators of said pecan operations, the right to do any acts and use any machinery and equipment reasonably necessary or desirable in connection with the pecan operations, including but not limited to plowing, planting, aerial and ground spraying, irrigation, fertilization, cultivation and gathering. By acceptance and retention of title to a lot in PECAN PLANTATION, each owner agrees on behalf of himself and his heirs, assigns, guests and invitees that Dedicator, all entities with substantially the same ownership as Dedicator and all owners or lessees or operators of said pecan operations, shall not be liable for any damage or injury resulting directly or indirectly from such pecan operations unless said damage or injury is caused by the conducting of such operations in an imprudent and negligent manner. Dedicator further intends and reserves to itself, all entities with substantially the same ownership as Dedicator, and all lessees or operators of said pecan operations, or any other owner of said pecan orchard adjoining some of the lots, the right

to construct and maintain fences separating the land to be used for pecan operations from the lots, private ways, and recreational facilities. By acceptance and retention of title to a lot in PECAN PLANTATION, each owner agrees that he, his family and guests, shall observe and respect such fences and refrain from crossing same and shall respect the privacy of the land on which pecan operations are conducted.

11. Unsold lots. Notwithstanding anything to the contrary herein, Dedicator reserves for itself and its designated agent or agents the right to use any unsold lot or lots for a temporary office location and the right to place a sign or signs on any unsold lot or lots.

12. Interpretation. In the event of any dispute over the proper interpretation of any of the provisions of this dedication, the determination of the Dedicator shall be final and binding on all interested persons.

13. Severability. All of the restrictions, covenants and reservations appearing herein shall be construed together, but if any one or more of the same shall be held to be invalid or for any reason are not or cannot be enforced, none of the other restrictions, covenants and reservations shall be affected or impaired thereby but shall remain in full force and effect.

14. Enforcement. These restrictions, covenants, and conditions may be enforced by Dedicator herein or by the owner of any lot in PECAN PLANTATION, either by proceedings for injunction or to recover damages for breach thereof, or both. However, only the Association may file suit to collect any of the charges, dues and expenses mentioned in paragraphs 5, 6, 7 and 8 above, all of which shall be payable to the Association in Hood and Johnson Counties, Texas, or to enforce foreclosure of any lien therein granted.

15. Duration. All of the restrictions and covenants herein set forth shall continue and be binding upon the Dedicator, its successors and assigns, and all parties claiming by, through or under the Dedicator until January 1, 1997, at which time all restrictions and covenants herein set forth shall be automatically

extended from such date for successive periods of ten years each; provided that at any time after January 1, 1997 the owners of the beneficial title of a majority of the lots herein dedicated may by written instrument duly executed, acknowledged and recorded in the Deed Records of Hood and Johnson Counties, Texas, release any lot or lots from any one or more of the restrictions and covenants herein set forth or agree to a change in said restrictions and covenants in whole or in part, except that no such change shall affect or impair the rights and privileges retained by Dedicator with respect to any other land owned by Dedicator or change or modify any covenants or agreements of any lot owner with respect to any such land.

16. Additional Subdivisions. As recited in the preamble to this instrument, Dedicator is subdividing and platting land near to PECAN PLANTATION, UNIT XII, in installments as a part of PECAN PLANTATION. Dedicator has heretofore subdivided and platted other units and Dedicator reserves the right to add to PECAN PLANTATION from time to time other land near PECAN PLANTATION, UNIT XII, and the other previously platted and subdivided units within PECAN PLANTATION. Dedicator further reserves the right to place on such additional subdivided land such restrictions and covenants as to use, improvements and otherwise as Dedicator shall deem advisable, whether more or less stringent than those provided herein; to extend the private ways shown on the plat of the unit covered by this instrument so as to serve such additional subdivided land; to use the easements reserved herein to serve such additional subdivided land; to grant to the purchasers of such additional subdivided land the right to become members of the Association and to use the recreational facilities and private ways provided for herein. It is specifically understood that Dedicator may develop some additional land for single family residences, some for apartments, some for condominiums and some for commercial uses and may at its election create and install additional recreational facilities. Unless otherwise provided in the instrument creating any such additional subdivision

unit of PECAN PLANTATION, all purchasers of lots in PECAN PLANTATION, UNIT XII, and all purchasers of lots in all other units of PECAN PLANTATION whether created prior or subsequent to PECAN PLANTATION, UNIT XII, shall be entitled equally to the use of all private ways and recreational facilities provided in PECAN PLANTATION, and shall further be equally entitled to enforce any applicable restrictions, covenants or conditions, and to participate in any modification or change in said restrictions, covenants and conditions under the provisions of paragraph 15, above, and to become members of the Association, just as though all of said subdivision units had been created at one time and by one instrument.

17. Dedicator shall have the right to grant to one or more corporations, partnerships or other entities the right to use the easements herein reserved for any of the purposes or uses for which such easements are designated; to grant and convey to its successors or assigns (or, at its election, to assign to the Association) the discretions, approval rights and enforcement rights retained by Developer with respect to any of the lots; and to grant to its successors or assigns the benefit of all provisions hereof which relate to any other land now owned by Dedicator.

18. All of the covenants and agreements undertaken or assumed by purchasers or owners of lots hereunder, and all of the restrictions, covenants, liens and reservations imposed upon any of the lots hereunder, shall run with said lots and each of them and shall be binding on each purchaser from Dedicator and on such purchaser's heirs, administrators, executors and assigns,

EXECUTED this 20th day of May, 1976.
